Dogs will be crated in vehicles. Searches will be indoors and outdoors. Prepare for late-November weather and variable footing. Bring water and supplies for you and your dog. Keep access routes clear and follow parking instructions.

Keep dogs on leash except while working as permitted by the judge and NASDA rules. Allow other teams space, clean up after your dog, and be ready when called. Follow the trial committee's directions for staging and exercise areas.

Move ups and class changes

Move-ups are permitted between trials and days. Submit requests to Shawna before the next trial begins. Class changes must meet NASDA eligibility rules; eligible move-down and lateral requests will be handled under those rules.
